will be served free of charge and you will get the "Glad Hand" from all the Manufacturers who are exhibiting there.

## ADMISSION FREE

DROPPED DEAD  
AFTER SPEECH

Former Governor Poynter of Nebraska Is Suddenly Called at Lincoln.

Lincoln, Neb., April 5.—W. A. Poynter, ex-governor of Nebraska, died today at 10:30 a. m. after a short illness. He was 72 years of age. He had been in the city since the 28th of March, when he came here to deliver a speech at the Chamber of Commerce. He was in the city for the purpose of making a speech at the Chamber of Commerce. He was in the city for the purpose of making a speech at the Chamber of Commerce.

Lincoln, Neb., April 5.—Lincoln was filled today with delegations of Omaha citizens, including one delegation of 250 men headed by Mayor Dahlman, who sought to induce Governor Shallenberger to veto the daylight saloon bill. The delegation, which limits the sale of liquor in the state between the hours of 7 a. m. and 8 p. m. The protesters argue that the bill is an abrogation of the promise of home rule for the state metropolis. Temperance workers appeared in force, however, to urge the governor to sign the bill.

## ESCAPED BY CUTTING BARS

Desperate Woman, Sentenced to Chain Gang at Athens, Ga., Gets Out of Prison.

Athens, Ga., April 5.—Kate O'Dwyer, the young woman who was shackled and forced to work on the chain gang, escaped last night, according to an official announcement made today. The woman had been sentenced to the gang for twelve months for disorderly conduct. The sentence was suspended on condition that she leave the country and never return. She returned, was arrested and ordered to appear in court. She was released on bond. The case attracted much attention. Governor Smith took it up and the prison commission issued an order that no woman prisoner, no matter what her offense, was ever to be shackled.

The woman escaped by cutting the bars of her cell, and it is believed she had outside help.

## TREATY RATIFIED.

Washington, April 5.—The senate today ratified an extradition treaty between the United States and France.

Job White is back again. Not well yet, but able to be at his office, 232 W. Second South. Ind. phone 326.

Mexico and Return  
Only \$102.65, good for nine months. Have you made the tour? It's a winter trip worth considering. Itineraries and sleeping cars. Ask Kenneth Kerr, D. P. A., Salt Lake Route.

Marienthal, the Clean Grocer,  
255 South State Street.

FILIPINOS NOT  
FOR PAYNE BILL

Message From Chamber of Commerce Suggesting a Number of Amendments.

Washington, April 5.—Messrs. Legardo and Ocampo, the resident Philippine commissioners, today received a cablegram from the president of the Philippine chamber of commerce which they regard as a complete rebuttal of the statements issued against the insular bureau to the effect that the business interests of the islands are favorable to the provisions of the Payne tariff bill. The text of the cablegram is as follows:

"Manila, April 5, 1909. Legardo and Ocampo, house of representatives, Washington: The Philippine chamber of commerce, at a public meeting attended by merchants and manufacturers, adopted a resolution urging the following amendments to the Payne bill:

"Free entry into all ports of the Philippine islands of agricultural and industrial machinery and implements, raw products not produced in the islands and all material necessary for the construction and repairing of vessels.

"Free entry into all ports of the United States of Philippine sugar and tobacco in conformity with letters A, B and C of joint resolution No. 11 of the Philippine legislature, passed March 18, 1908.

"And with a view of protecting importations already on hand, we request that the bill, with amendments suggested above, should not be in force until six months after its passage. (Signed)

"FERNANDEZ, President."

The letters referred to in the cablegram relate to clauses limiting the yearly importations into the United States of the Philippines under the free list to 400,000 tons of sugar, 500,000 pounds of raw tobacco and 150,000,000 cigars.

## REVOLUTION IN THE AIR

Violent Speeches Delivered at Workmen's Meeting in Paris—News-papers Show Some Alarm.

Paris, April 5.—The newspapers of Paris show genuine alarm today at the violent character of the speeches delivered at the workmen's meeting held in this city yesterday under the auspices of the revolutionary labor organizations to formulate a plan of campaign against the government. They refer particularly to the agreement of a large section of the state employees to make common cause with the trades unionists, and the appointment of a secret committee empowered to call strikes.

Public opinion is rapidly becoming alarmed, the papers declare, at the belief that a bloody insurrection is imminent, and the statements of some of the speakers that the proletariat will neither fight nor work in the event of a war is regarded as a particularly alarming prediction.

The Journal des Debats warns the government that the country is facing anarchy. "We are witnessing," this paper says, "preparations for a revolutionary movement which is going on under the eyes of a government that either does not know how or dares not stop the agitation."

## JURY QUICKLY SELECTED

Mrs. Georgia Allyn Sampson Confident She Will Be Acquitted of Murder Charge.

Lyons, N. Y., April 5.—Calmly asserting her innocence and belief in her ultimate acquittal, Mrs. Georgia Allyn Sampson was placed on trial today before Justice Adolph T. Rich of the supreme court on a charge of shooting and killing her husband, Harry Sampson, a nephew of Rear Admiral Sampson, at the Allyn home, near Macleod, New York, on November 1, 1908.

Harry Sampson was shot following a quarrel with his wife over a letter she had received from a young man in Rochester. The state contends that Mrs. Sampson killed her husband with the rifle which was found in the pantry, recocked and the discharge shell half-ejected.

From the state's witnesses the defense possibly will seek to show that Mrs. Sampson was not downstairs when the shooting took place, but on the second floor. A jury apparently satisfactory to both sides was chosen. The state will present its case tomorrow, after which testimony will be introduced.

## \$51,000 Worth of Shoes in One Order

The Burton, Peel Dry Goods Co., a Texas house, have heretofore bought their shoes from many different manufacturers. After careful investigation they have found that by concentrating on HB Shoes they could get "better shoes for the money" in every grade they carried. So they have just placed an initial order for \$51,000 worth of HB Shoes. This order includes over 8,000 pairs of the

American Lady Shoe  
American Gentleman Shoe

Their sales during the year will undoubtedly require additional orders aggregating several times the amount of the first order.

The same reasons which induced a progressive house like the Burton, Peel Dry Goods Co., whose knowledge of all lines of shoes is unlimited, to concentrate on HB Shoes, will apply with equal force to every good merchant in Utah.

## \$45,000 Order From Uncle Sam

Uncle Sam is short on sentiment and long on judgment, so he, too, buys HB Shoes. The U. S. government has just ordered 35,200 pairs of HB Shoes, in competition with the shoe lines of the United States—both east and west.

Here are two good endorsements of HB Shoes, but the best endorsement of all is that enough people demand and wear HB Shoes to make us the Largest Shoe House in the World.

HAMILTON-BROWN SHOE CO.  
St. Louis, Boston Keep the Quality UpVOTE ON PAYNE BILL  
WILL BE TAKEN FRIDAY

Continued from Page 1.

Fitzgerald (New York), the new Democratic member of the committee on rules. He said Minority Leader Clark had refused him time to speak, whereupon he sought and received time from the same source as the minority leader, and that was Mr. Dalzell.

"What party associates I may have with my party associates in the house," he said, "I shall settle at an appropriate time. I think, to my own satisfaction."

Mr. Fitzgerald denounced the Payne bill, charging that it was not what it purported to be. The bill, he said, did not equalize duties. There was no stampede of the idle rich, he said, from the balm resorts of the south, where they spent their winters.

"Confident that the tariff was to be revised by its friends," he asserted, "this capital has seen a complete absence of the great magnates representing the combined corporate wealth in the United States."

Calling attention to what he said were the jokers in the bill, Mr. Randall of Texas said the measure was full of fraud and deception.

Champ Clark's Speech.

Mr. Clark of Missouri argued that every member had the right to vote on the bill "from A to Z." If members insisted on tying their hands, he said, they could do so, but he would not.

"When you go back to your constituents," he continued, "don't be so cowardly as to undertake to lay this whole thing on Mr. Cannon."

He called attention to the outrageous raises in hosiery and gloves. The house, he said, had a right to say whether steel rails should go on the tariff.

He charged that the delay in bringing in the rule was for the purpose of "making trades, of bulldozing and wheeling men on to the reservation."

Payne Invokes the Deity.

Answering all the arguments against the rule, Mr. Payne declared that the rule for the bill before the country. He asserted that every fact and every source of information had been sought in order that a bill might be presented that would do simple justice to the consumer and the laborer. Responsibility on the Democratic side, he said, was different. If the Democrats had shown some diligence, courage and patriotism, he said, they would have presented to the country their idea of a tariff bill.

He defended the glove and hosiery schedules, and declared that under the bill they could be sold as cheaply as they were today, with American workmen and better workmanship. He pleaded with his colleagues to look beyond their districts, "and for God's sake hasten the passage of the bill."

Speaker Reverses Himself.

Mr. Dalzell moved the previous question, but before the vote was announced Mr. Clark of Missouri moved to reconsider the rule, and became involved in a controversy with Mr. Dalzell and the speaker over whether the motion was in order. Mr. Clark, amid Democratic applause, quoted from a former decision of Speaker Cannon holding that a similar motion to reconsider was in order. In an elaborate decision, Speaker Cannon held that a case in question was on an ordinary rule.

"This is not an ordinary rule," he said, and Mr. Clark's motion was overruled. On the motion for the previous question the Democrats forced the roll call. The vote resulted, yeas 198, nays 180, and the previous question accordingly was ordered.

Another roll was forced by the Democrats on the adoption of the rule. The

order was adopted, yeas 194, nays 178.

Twenty Republicans voted against the rule and four Democrats for it, as follows:

Republicans—Austin of Tennessee, Carey, Cooper, Lenroot, Morse and Nelson of Wisconsin; Dawson, Good, Hagen, Pickett, Woods, Hubbard and Kendall of Iowa; Hinshaw and Norris of Nebraska; Lindberg of Minnesota; Murdock, Kansas; Parsons of New York; Poindester of Washington and Young of Michigan.

Democrats—Broussard, Estepinal, Pujoe and Wickliffe of Louisiana.

On the previous question, a vote of Wisconsin and Wilson of Minnesota joined the Republicans just named in voting against the motion. Speaker Cannon then ordered that the bill be taken up and considered for amendment.

Fordney Shut Out.

Mr. Fordney of Michigan at once moved to strike out the countervailing provision of the lumber schedule. A snag was immediately encountered. Mr. Payne moving that the committee rise. This was for the purpose of laying the bill aside and moving an adjournment, but the Democrats stoutly resisted, and availed themselves of all parliamentary tactics to thwart him.

Mr. Payne's motion prevailed, 129 to 146, and he immediately thereafter moved to adjourn. The Democrats forced another roll call. The motion, however, was carried and the house adjourned at 4:59 p. m. until tomorrow.

## LEGAL DOCUMENTS STOLEN

Hearst Attorney Loses Suit Case Containing Evidence for Use Against Gov. Haskell.

Detroit, April 5.—A news special from Hastings, Mich., says that Attorney E. R. Freshman's suit case containing evidence for use in the Governor Haskell case was stolen from the platform of the Michigan Central station at Detroit Saturday.

Freshman had taken depositions from a number of Hastings' people who were in an Oklahoma hotel when Scott MacRaynolds' room was entered and some of his papers seized, of which action the libel suit grew.

Attorney O. T. Smith, representing Governor Haskell, had previously taken depositions from the same persons. When Freshman went to the station after getting his depositions he met Smith. The rival attorneys stepped into the station, forgetting the suit case which stood on the platform. A moment later the suit case was gone.

Toledo, O., April 5.—The Toledo police today took a hand in the Governor Haskell case. W. R. Hearst libel case when they began a search for papers valuable to Hearst which were stolen Sunday in the depot at Hastings, Mich.

For several days Scott MacRaynolds of Chicago and E. A. Freshman of New York, representing Hearst, and O. T. Smith of Guthrie, Okla., representing Governor Haskell, have been in Toledo since Freshman went to Hastings, and while in the station at that place their grips, which contained all papers in the suit, were stolen.

BIG IMPROVEMENTS IN  
PARK TERRACE PLANNED

Joseph West Sells Two-Thirds Interest to Drs. Allen and Middleton for \$32,000.

Following his recent purchase of the Park Terrace at Third South and Fifth East streets, Joseph West yesterday disposed of a two-thirds interest in the property to Drs. S. H. Allen and G. B. Middleton for \$32,000. Extensive improvements are to be made, the terrace to be divided into four-room apartments with modern and disappearing beds, and other modern features.

"We are going to spend from \$7,000 to \$10,000 in improvements," said Mr. West last evening, "and will make it as modern as anything of the kind in the city, both inside and out. The property has not been kept up as it should have been, but when we have put another \$10,000 in the venture, we expect to have increased its value by twice that amount."

The work is to be completed in time for the encampment in order that the apartments may be let at that time.

## VICTIMS ARE IMPROVING.

Girls Injured in Runaway Are at Holy Cross Hospital.

Misses Ada Mills and Marguerite Johnson, who were injured by a runaway team at Garfield Sunday afternoon, are reported as improving at the Holy Cross hospital.

The accident occurred while the young women were waiting at the Garfield station to take a train to come to this city. A team of horses hitched to a stage coach became frightened at the noise of an approaching train and ran into the crowd of people at the depot. Miss Mills sustained a broken leg and Miss Johnson a fractured collar bone.

Miss Mills was coming to Salt Lake to see her brother, who was hurt in the mine at the Utah Copper Mining company's plant, and who died from the injury later in the day. She was not informed of his death until this morning.

Z. C. M. I. DIVIDEND.

Stockholders Re-elect All Old Officers and Directors.

The fortieth annual meeting of the stockholders of the Z. C. M. I. was held yesterday noon in the office of the store. A dividend of 12 per cent earned in 1908 will be paid this date and a dividend of the same amount was declared for 1909. This last dividend was earned in 1908.

All the old officers and directors were re-elected. They are Joseph F. Smith, president; George Romney, vice president; Thomas G. Webster, secretary; A. W. Carlson, treasurer; Heber J. Grant, J. R. Winder, John R. Barnes, John Henry Smith, Francis M. Lyman, Anthony H. Lund, William H. McIntyre, Reed Smoot, T. G. Webster, L. S. Hills and A. W. Carlson, directors.

Halifax, April 5.—More than thirty hours overdue, the Plant Line steamer Lady Sybil, which left Boston Saturday last, had not arrived here at 5 o'clock this morning. Deep anxiety is felt.

## HOTEL HELD UP.

Three Men Turn a Trick in Nevada and Secure \$1,000.

Reno, Nev., April 5.—The Moana Springs hotel was held up shortly before midnight tonight by three men and robbed of more than \$1,000. The robbers lined the occupants of the room against the wall and rifled the roulette wheel drawer and then disappeared.

Warden William Maxwell of the Carson penitentiary was driving home from the Springs and evidently the same men attempted to hold him up. He hit one of them a sharp blow with his whip, and whipping his horse started the car. Several officers accompanied him back to the scene.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32-34 Main street, \$2.00 per year and upwards.

## SURE TO END IN TRAGEDY.

London, April 5.—A special dispatch from Tehran, describing the situation at Tabriz, says there is no doubt that a great tragedy is close at hand. If Tabriz holds out against the invaders, the dispatch says thousands must die of starvation. If Tabriz falls, probably tens of thousands will be massacred. The rest of the country, however, looks on with traditional eastern apathy.

## LUMBER KING'S VIEWS.

Frederick Weyerhaeuser Complains of Excessive Taxes.

St. Louis, April 5.—Excessive taxes upon standing timber and not the wastefulness of lumbermen have caused the denuding of the lumber lands in the north-west, according to Frederick Weyerhaeuser. He made this statement today in response to the attack upon Minnesota lumbermen last Friday in the House of Representatives by Congressman C. R. Davis. Mr. Weyerhaeuser said:

"The reason it should be impossible for us to keep timber standing long is that a lumberman in this country must pay taxes not only upon his land, but upon whatever timber may be on the land."

He said lumbermen did not plant young trees to take the place of the old because on white pine they would have to pay taxes from 10 to 200 years before the trees would mature fully and make the best of lumber.

WHITE SLAVE DEALER  
ALLOWED TO GO FREE

Washington, April 5.—The supreme court of the United States today reversed the decision of the United States district court for the northern district of Illinois in the case of Joseph Keller and Louis Ullman, whom the lower court found guilty of keeping in a house of ill repute in South Chicago an alien woman named Irene Bodi, contrary to the provision of the immigration law which prohibits the retention of such a woman within three years after her arrival in this country. The woman in question was a subject of Austria. The sentence was resisted on the ground that the portion of the immigration law involved is unconstitutional, and the supreme court so held. The supreme court directed that the case be reconsidered and the indictments be quashed.

## CHILD'S LIFE IN DANGER.

Maniac Father Defied Officers With Baby in His Arms.

Cleveland, O., April 5.—Threatening to strangle the baby daughter he held in his arms, Michael Haval defied many of the officers today who attempted to arrest him on a charge of insanity. When officers broke down the door of the house Haval was revealed holding the baby. His fingers clenched about the child's throat. Haval said he would kill the child if they came nearer.

The officers then withdrew and sent for help.

Later Haval left his barricaded home and walked to the Ninth precinct station, where he surrendered. He was persuaded to accompany an officer to the county jail. The little girl was not injured.

## STEAMER OVERDUE.

Halifax, April 5.—More than thirty hours overdue, the Plant Line steamer Lady Sybil, which left Boston Saturday last, had not arrived here at 5 o'clock this morning. Deep anxiety is felt.

## WILL PROVE A TOTAL LOSS

Passengers of the Steamer Indiana Being Taken to San Francisco on the Cruiser California.

San Diego, Cal., April 5.—Advices received this morning from Magdalena, where the steamer Indiana of the Pacific Mail Steamship company went ashore, are to the effect that the passengers of the Indiana have been taken aboard the cruiser California, which sailed yesterday afternoon direct for San Francisco, having decided not to wait for the steamer City of Sydney to arrive from Acapulco.

The dispatches say that the Indiana will prove a total loss and that the cruiser Albany and tug Fortune are standing by to take off the Indiana's captain and crew, who are still aboard the doomed vessel. The Indiana went aground the morning of the 23, according to these dispatches, instead of Saturday night.

San Francisco, April 5.—The agents of the Pacific Mail Steamship company in this city have received a message stating that, in addition to the passengers of the steamer Indiana, the cruiser California has on board the pursuer, who is bringing the mails and specie from the Indiana to this port.

## Many Murders Have Resulted

McRae, Ga., April 5.—Pope S. Hill, an attorney of Macon, was found dead in a law office here today; a revolver in his hand. He came here yesterday to appear in a case today, claimed he had received a threatening note, and induced a hardware man to open his store and sell him a revolver. He was shot through the eye, and there were evidences of a struggle. The Dodge land case, for the trial of which Hill was in Macon, is one of the most famous in the state, and three attorneys connected with it have met tragic and mysterious deaths.

The trail of deaths and narrow escapes in the Dodge land suit began in 1891. In that year Captain John C. Forsyth, representing the Norman W. Dodge estate, was murdered and, after a six weeks' trial, five men were sent to prison charged with the crime.

Shortly afterward Captain F. L. Williams, one of the claimants in the case, was killed, and for weeks afterward four counties were in a fever heat of excitement.

Besides these deaths, there were several encounters in which the participants received gunshot and knife wounds.

The Dodge lands cover about 400,000 acres, and since 1882 there has been almost continuous litigation over portions of this property. The presence of many squatters on the lands created an element of risk and caused widespread enmities.

S.S.S. CURES  
OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.
